Acknowledgments: This work was supported by the European Commission's 7th Framework Programme, Project TECFUG, and by the European Commission's 6th Framework Programme, Project ECOALS.

The research was performed at the Institute for Chemical Process Engineering (FUG) at the University of Karlsruhe.

The title slide from the presentation is shown below:

**Title:** Enzymatic esterification with triglycerides in supercritical carbon dioxide

**Subtitle:** 2nd Euro Mefo Meeting, Lyon, France 7-12 September 2014
