Title: Synthesis and role of salicylic acid in wheat varieties with  
different levels of cadmium tolerance  
Journal of Hazardous Materials

Dear Dr. Magda Pál,

The review of your manuscript entitled Synthesis and role of salicylic acid in wheat varieties with different levels of cadmium tolerance submitted to Journal of Hazardous Materials has been completed. I am pleased to inform you that your manuscript is accepted for publication in Journal of Hazardous Materials. Congratulations and thank you for choosing this journal.

Comments from the Editor and Reviewers can be found below.

Your manuscript has been submitted to the Elsevier production department. Elsevier will be in contact with you directly regarding the copyright agreement form, the page proofs, and reprint orders. If you do not hear from Elsevier within the next month, please contact their author support team at [authorsupport@elsevier.com](mailto:authorsupport@elsevier.com)

Once again, thank you for your contribution to Journal of Hazardous Materials.

When your paper is published on ScienceDirect, you want to make sure it gets the attention it deserves. To help you get your message across, Elsevier has developed a new, free service called AudioSlides: brief, webcast-style presentations that are shown (publicly available) next to your published article. This format gives you the opportunity to explain your research in your own words and attract interest. You will receive an invitation email to create an AudioSlides presentation shortly. For more information and examples, please visit <http://www.elsevier.com/audioslides>.

With kind regards,

Diana S. Aga, Ph.D.  
Editor  
Journal of Hazardous Materials
